Falcons, sometimes making the right decision is tough. We question ourselves, and perhaps others question our motives as well. There are other times, however, where the right decision is the clear path forward. That brings us to our word of the week: Rectitude. Rectitude is righteousness, integrity, and honesty. It is the commitment made to what is just and moral. Here it is in a sentence: "The judge was known for his rectitude and fair decisions in every single case. There was no doubt that he held himself to the highest of standards." See the display case near the main office for more information about our word of the week.
