Falcons, this world is rough and if you want to succeed you've got to be tough. April is all about perseverance, and to wrap up our month we're focusing on another word about getting through difficult times. Our word of the week is : Grit. Grit is the personality trait of bravery and strength of character. It is the courage and resolve to stand tall against the hardest of situations that life throws at you. Here it is in a sentence: While many people would have folded against the challenges thrown against the freshman, she had true grit and nothing could stand between her and success. See Mr. Pilarski for more information about the prizes you could win for our word of the week.
